Well Established Retail and Online Snow Ski Warehouse Multi Million Dollar Sales

For the first time in 30 years, an icon of the Australian ski and snowboard industry has come on the market.

Regular snow and water sport customers who travel home and abroad, ensure consistent multi million dollar sales and high net profits.

The business is run out of a store front on a main road in Rockdale, Sydney. However, it is more than just a bricks and mortar store. In addition it also has a large online presence (which is growing rapidly), and a Ski Tuning Business (that adds great value, and could be sub-contracted).

Don't just think of boom times being the Australian domestic ski season; Duty free sales for international ski travelers and water sports adds further turnover during the summer months. There is income year round.

It is currently owned by 2 partners, who enjoy the hands on management style. They are supported by excellent managers and staff.

The business has a large data base, with an existing CRM and POS system in place. New owners with marketing, online experience could take this business to a higher level!

It's an ideal opportunity for an investor to utilise the management systems in place for excellent returns. Benefits include;

- * Long lease available
